BEST PLACES TO WORK IN MONEY MANAGEMENT

What is this?

The Best Places to Work in Money Management is a survey and awards program that honors employers in Money Management that are making their workplaces great. This is a project of Pensions & Investments in partnership with Workforce Research Group.

What's the process like?

A two-part survey is conducted to get a thorough assessment of each employer.

- Part 1 consists of an Employer Assessment where we capture details about policies and practices.
- Part 2 consists of the Employee Feedback Survey where we capture employees' opinions about their workplace experience.

Employee surveys can be conducted via online or paper survey methodologies.

Both the employer and employee data sets are combined to determine the best workplaces.

Who is eligible?

Organizations must meet the following criteria:

- Be publicly or privately held
- Be a for-profit or not-for-profit business or public agency
- Have at least 20 full- and/or part-time employees working in the United States.*
- Have a facility in the United States*
- Have been in business for at least one year, at the registration deadline
- Have at least \$100 million of discretionary, institutional AUM or

Are reports available for purchase?

All collected employee feedback will be presented in an online interactive reporting tool called the Employee Feedback Data Dashboard. The dashboard will allow each employer to view data by graphs, charts and tables. Plus, standard downloadable reports containing responses by demographic, employee comments and benchmarks are also available. This data is available for purchase for as little as \$920 and discounts are available if pre-purchased.

Recognition:

Those who make the "best" list will be recognized in a special report produced by *Pensions & Investments* in December 2024. The identities of organizations not making the list will be kept confidential.
